How to use the sheet

Do the example together: read the clue, look at the letters and try out loud until the word comes.

Tip for anyone who gets stuck: first look for the letter the word starts with, and read the clue again.

Those who finish early can jumble a Christmas word of their own and let a friend solve it. On page 2, students can race to solve the words without reading the clues.

Good to know: *Yule* is an old English word for the midwinter feast, and the same word as Swedish *jul*. The poinsettia is named after Joel Poinsett, who brought the plant from Mexico to the United States in the 1820s.
