Find the Christmas Words

Print only page 1 for the students. All the words are circled, and the letters that are left over are in gold.

The secret message

We wish you a merry Christmas

The words

Star, Santa, Elves, Frost, Gifts, Robin, Rudolph, Jingle, Wrapping, Shepherd, Mittens, Cocoa, Stable.

How to use the sheet

Show the example first: STAR goes to the right along one row. Tell the class that the words are never backwards.

Anyone who gets stuck can look for an unusual letter, like J, F or P, and see if a word starts there.

The message is the reward. It only comes out right if every word is circled, so it works as a check too. It is the first line of an old English carol, and the class can sing it together at the end.
